HOW "PROSPERITY" IS PROMOTED.

The negotiations pending for the purhase by a syndicate of all the cotton mills at Fall River, Mass., are calculated publican administration.

Fall River such a consolidation can be brought about as will greatly reduce operating expenses and pay a good profit on the more than \$20,000,000 involved in the deal. This reduction of expenses will be accomplished by closing some of the mills and decreasing the output. This will mean that hundreds of laborers and a proportionate number of the clerical and manifest of what is charged by Schauer Heiffeld. agerial forces will be thrown out of employment. Then again the limitation upon the output will serve to put up prices by rendering the demand greater than the supply. In such event the new corporation,

that such prosperity is at the expense both of the multitude of laboring men thrown out of employment and the helpless con-

other lines of industry, as the con-

titious "prosperity" about which so much has been heard. In some other lines genuine prosperity has been witnessed, but not by combinations. Unprecedented demands from abroad, from various causes, have been made, and at home business in many directions has been quickened by the lete and the existing war. In the manufacturing field, upon the whole, however, the syndicated and protected industries have chiefly shown the added impetus to trade. They have been able to put down Lowever, if public opinion is broad and intelligoods for foreign account and yet make gent enough to insist upon their enforcement. big profits through a tariff at home that enabled them to charge high prices here.

"McKinley prosperity," in a word, is has largely been confined to the jugglers the merchant prince's death. and favorites.

be the inability of single mills to compete with the big concern, and thus the ten dency and, indeed, direct effect, would be to a larger combination all the timethe smaller fish being gradually devoured by the large one.

In yesterday's Post It was reported also would put in possibly 2000 branches to allowed to usurp? throughout the country. This kind of an "octopus" would injuriously affect all suffering. But the huge business of the huge concern would be heralded by republican organs as another sign of "prosperity"!

In short, "McKinley" prosperity," o such as is directly attributable to republican policies, is prosperity for the moneyed classes at the expense of the masses

people. Hill County Teachers. Hillsboro, Texas, August 25-The board of examiners out of twentytoday, as follows: First grade, W. P. art. J. H. Whitworth, Arthur At. Abbott; H. S. Crawford, Hillsbore; Griffing, Zee Veet C. A. Mansfeld, Second grade, Mias Bessie Stewart, Miss Effic De Shaze, Jennie May close all saloons here from 12 o'clock Sattrday night to 12 o'clock Sunday night.
Is that a fact?"

"The saloon keepers appear too know a
good deal about this thing; you'd better go
to them for information;" replied the chief.
"I have all the information they have to
give. What I would like to know is what
you really intend to do."

"We have not got to Sunday yet."

"We have not got to Sunday yet."
